

Stratford May 31. 1828

Dear Sir, (on Northwest turnpike)

Mr Langley has this day deceased it was  
his request that I should preach at his funeral  
I have engaged to attend next monday, I  
think you and Mr Gill had better choose  
some other person in my room I should  
feel much better, the cause of religion  
demands my attention, and I wish to attend  
to it - I do not much expect the ~~many~~ other  
men of this committee will attend on mon-  
day but if they do Mr Gill will no doubt  
send you word &c.

with high respect yours &c
